

BUDGET BEACON ESSENTIALS

Ultra compact LED beacons

**Where Affordability
Meets Visibility!**

SIRENA

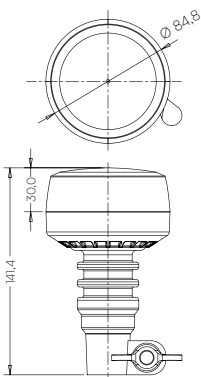

Where Affordability Meets Visibility!

Ultra compact LED mini beacons (18 LED) with wide operating voltage range (10-30VDC). High quality, water-proof IP67, BBE series provides different flash patterns (also single flash

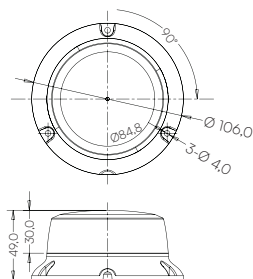

according to R65) making these beacons a cost effective choice for many applications. Available with flexible, flat surface or magnetic base.
